Lighthouse Scheme (see terms and conditions for more information)

Seaside SaLT has a small Therapy Support Fund (funded by the Postcode Neighbourhood trust). This can be used to subsidise speech and language therapy sessions when required.

Parents can choose to pay 100%, 80%, 60%, 40%, 20% or 10% of the standard charge.

We do not 'means test' our clients when they request support from the therapy support fund, we rely on families being open and honest about their circumstances. We recognise that circumstances change - please contact us if you have any difficulties paying an invoice. If your circumstances change and you feel you can pay more, please let us know. This will help us provide services to other families in need.

Examples of the cost at each of these levels are detailed below:
